

MSOE EECS Department

CS-2852: Lab 8 Grading Checklist

Dr. Durant

Name: _____ Section: _____

Item	Points
Fully documented source: MorseTree.java. Should be well formatted. For example, you might print from IntelliJ using 10pt Consolas with line numbers, and default headers (filename) and footers (page numbers). Some linewrapping is okay, but it should not be excessive. Use landscape mode or an 8pt font if necessary. <ul style="list-style-type: none"> • Inner Entry class, generic • 2 constructors • add – adds multiple nodes as needed • decode – returns null if not found 	/ 35
Fully documented source: MorseCoder.java <ul style="list-style-type: none"> • warn on invalid sequence • replicate linebreaks 	/ 15
Testing: Add an <i>invalid</i> dot-dash sequence between 2 encoded characters the given file and include sample output with a description showing you're your results are correct in this situation.	/ 20
Demo (Due in week 9 lab): Run the above test for the professor, who may specify additional tests at demo time.	/ 30
Total	/ 100

- **Staple** this lab cover sheet on top of all the materials you are submitting.
- Submit everything in the **order** listed above.
- Your lab is due before the EECS Department Office closes on the last business day in the week the lab is performed. You may submit it to my mailbox, in person, on my bulletin board, etc.
- Extra copies of lab checkout sheets are available on my website.
